

MIKE-O-LUBE 200

Heavy Duty Cutting Lubricant

- Natural Base Oil
- Excellent Lubricity
- Medium to Heavy-Duty Applications
- Excellent Wetting Properties
- Strong Boundary Film Lubrication
- Low Vapor Pressure & Non-Objectionable Odor

■ PRODUCT DESCRIPTION

Mike-O-Lube 200 is a medium to heavy-duty fluid for machining and stamping ferrous and nonferrous materials. This product provides excellent lubricity and boundary film lubrication. The product is very effective in high speed operations on thin guage strips of steel, copper, and brass.

Mike-O-Lube 200 significantly increases tool and die life and greatly reduces wear. Provides temporary in-process corrosion inhibition for copper and its alloys.

Mike-O-Lube 200 does not contain nitrates, chlorine, sulfur, phenols, molybdenum compounds or graphite. It contains no solvent and is considered a low VOC lubricant. Its performance, pleasant metalworking environment, and operator acceptance are beneficial over flood coolant systems.

■ APPLICATION

Use full strength. Do not dilute.
Can be used with all micro-lubricant applicators.

■ TYPICAL ANALYSIS

APPEARANCE:..... Blue Viscous Fluid
ACTIVE SULFUR:..... None
TOTAL CHLORINE:..... None
SILICONES:..... None
VOC LEVEL:..... 0.0%
MINERAL OIL:..... None
WATER SOLUBILITY:..... Insoluble

■ AVAILABILITY

E-0200-01 1 Gallon (4/case)
E-0200-05 5 Gallon Pail
