

Mike-O-Thread

SM-150

Features & Benefits

- Tri-Purpose Machine Tool Lubricant
- Superior EP and Lubricity Additives
- Medium Viscosity
- Superior Anti-Mist Properties
- Excellent Swarf Removal
- Excellent Finish
- Extends Tool and Wheel Life
- Superior Rust Protection
- For Ferrous and Nonferrous Metals

PRODUCT DESCRIPTION

MIKE-O-THREAD SM-150 is a premium quality, heavy duty, cutting oil. Formulated with highly refined base stocks and extreme pressure additives, this product offers excellent anti-weld properties, and forms effective boundary lubrication which reduces heat and extends tool life. The additive system also provides anti-misting properties along with good surface finish on the work piece.

TYPICAL ANALYSIS

Mike-O-Thread SM-150 is recommended for a wide variety of machining operations and is considered a tri-purpose lubricant. It can be used as a cutting oil, hydraulic oil, and machine lubricant.

Excellent for use in screw machines and threading applications. Use for milling, turning, drilling, grinding and other operations on ferrous and non-ferrous metals including brass and copper.

TYPICAL ANALYSIS

WEIGHT:..... 7.6 LB/ GL.
 FLASH POINT: >300° F (COC Method)
 VISCOSITY:..... 150 SUS @ 100° F
 APPEARANCE:..... Dark Colored Oil
