

Hone Cut

Features & Benefits

- Excellent Penetration
- Promotes the Flow of Fines
- Improves Surface Finish
- Non-Chlorinated

PRODUCT DESCRIPTION

Hone Cut is a superior honing fluid for industrial and automotive honing operations. It is recommended for moderate to heavy duty applications. This product does not contain any solvents. This greatly reduces the risk of flash fires associated with honing fluids that contain kerosene and other similar solvents.

Hone Cut is formulated with highly refined base stocks and inactive sulfur to provide excellent lubricity, reduce heat and improve surface finish. Recommended for ferrous and nonferrous materials.
