RPL#2 Rust Preventative

PRODUCT DESCRIPTION

The RPL #2 Rust Preventative is an evaporative, water displacing, and non-staining rust preventative and lubricant that leaves behind a relatively dry film. This product will provide intermediate-term salt spray rust protection and provides short-term outdoor rust protection. The RPL# 2 can be applied by spraying, brushing or submersion. Individual tests should be run to check compatibility of rust preventative to paint or other type of coating. Remove by wiping with a light petroleum distillate (i.e. Mineral Spirits) or other commercial degreaser.

PROTECTION

Indoors ........ up to 18 months
Outdoors ...... up to 6 months
