

ONE SHOT PENETRATING OIL

FEATURES & BENEFITS

- Penetrates
- Lubricates
- Prevents rust
- Cleans
- Displaces water

PRODUCT DESCRIPTION

ONE SHOT is a lubricating product formulated to quickly penetrate rust, corrosion and moisture. Four-way action penetrates, lubricates, displaces moisture and prevents rust.

Prevents corrosion and provides lubrication on nuts, bolts, corroded parts, door hinges, locks, machine parts, gears, slides, wire cable, and other turning and sliding parts. For use around garages, oil rigs, machine shops, assembly plants, electronics repair shops, service stations, locksmiths, industrial shops, factories, and air conditioner repair shops.

DIRECTIONS

Can be used on dry or wet surfaces. Spray, brush or dip parts in product to liberally cover area to be treated. Product will penetrate immediately. Reapply periodically as required.

TYPICAL ANALYSIS

FORM:Liquid
 COLOR: Amber
 EVAPORATION RATE:Slow
 FLASH POINT: 195° F (TCC)
 COLD STABILITY:..... 0° F
 ODOR:..... Sweet
 WETTING ABILITY: Saturates
 pH: N/A
 SHELF LIFE: One Year +
 SOLUBILITY IN WATER:..... 0%
 SPECIFIC GRAVITY: 0.83
 % VOLATILE BY VOLUME:.....> 70%
 PHOSPHATES:None
 BIODEGRADABILITY:No

PACKAGING
