PRODUCTION PROTECTION.

FLUID360™ SOLUTIONS

The industry's most comprehensive fluid products and services delivering 360° of metalworking protection, safety and speed to production, tooling, people, metals and work environments, since 1968.

ASHBURN CHEMICAL

Ashburn Chemical is the industry leader in delivering metalworking fluid products and services to protect equipment, people, production quality and working environments.

Create a production advantage, grow customer and operator satisfaction and loyalty, easily maintain environmental quality and operate smarter than ever before.

Cut: Protect production and product quality with advanced coolants, metal forming fluids, straight cutting oils and tapping and drilling fluids that meet the most stringent environmental requirements.

Clean: Optimize cleaning and degreasing of parts, machine tools, equipment and working environments.

Protect: Protect metal products with rust preventatives, penetrating oils and lubricants to preserve utility and value.
