

R&O HYDRAULIC OIL 32

FEATURES & BENEFITS

- Protects against oxidation, rust and corrosion
- Low foaming
- Non-detergent

PRODUCT DESCRIPTION

R&O HYDRAULIC OIL 32 is blended from highly-refined base stocks to provide outstanding lubricating properties in a wide-range of applications.

It is formulated with select additives to provide excellent anti-rust, anti-oxidation, anti-corrosion and anti-foam performance.

APPLICATIONS

- Non-critical hydraulic applications
- Low pressure circulating fluid
- Air-tool oil
- General machine oil
- Drip or splash lubricant
- Spindle oil
- Lubrication of light-duty compressors

TYPICAL ANALYSIS

SPECIFIC GRAVITY:	0.894
GRAVITY, API 60 °F:	26.0
FLASH POINT COC (°F):	390+
VISCOSITY, cSt at 40 °C:	30 - 42
VISCOSITY, SUS at 100 °F:	150
POUR POINT (°F):	-10
APPROX. SAE:	10
ISO VG NUMBER:	32

PACKAGING

F-8020-14	1 Gallon
F-8020-05	5 Gal Pail
F-8020-55	55 Gal Drum
F-8020-275	275 Gall Tote
