

# HAND BARRIER CREAM

Aerosol

## FEATURES & BENEFITS

- Concentrated and economical
- Easy to apply and remove; no water, no mess
- Leaves hands clean and soft

## PRODUCT DESCRIPTION

**HAND BARRIER CREAM** is a water-based, ready-to-use protective skin coating in convenient aerosol form. Protects exposed areas of skin from irritation when working with acids, alkalis, solvents, gasoline, corrosive salts and other chemicals. Forms a barrier to prevent grease, soil and ink from penetrating the skin's pores and creases. Keeps skin cleaner, minimizing cleanup time. Easy to apply. Washes off with soap and water. Contains emollients and lubricants to leave skin soft after work is finished.

## APPLICATIONS

For use by machinists, mechanics, laboratory personnel, warehouse personnel, construction workers, landscapers, printers and heavy machinery operators. Areas of use include machine shops, auto shops, printing plants, chemical plants, railroad yards, oil rigs, transportation terminals, industrial plants and shipyards.

NOTE: CONTAINS SILICONE. USE CARE IN PAINT AND BODY SHOPS.

## DIRECTIONS

SHAKE WELL. Apply a generous amount into hands and rub well into skin, covering all areas including around and under fingernails. Apply to any skin surface where protection is desired. For removal, apply soap and work well prior to rinsing.

## TYPICAL ANALYSIS

FORM.....	Water-Based Aerosol Foam
FLASH POINT .....	None
ODOR.....	Citrus/Fruity
FLAME EXTENSION .....	None
COLOR .....	White
SOLUBILITY IN WATER .....	90%
SPECIFIC GRAVITY .....	0.98
% VOLATILE BY VOLUME.....	91%
WETTING ABILITY .....	Dampens
pH.....	8.7
STORAGE STABILITY .....	1 Year +
PROPELLANT.....	Hydrocarbon
COLD STABILITY .....	32°F
EVAPORATION RATE .....	Slow
PHOSPHATES .....	None
BIODEGRADABILITY .....	Yes

## PACKAGING

M-25510    20 oz. Can (18 oz Net Wt.)  
12/Case
