

TD FOAMY

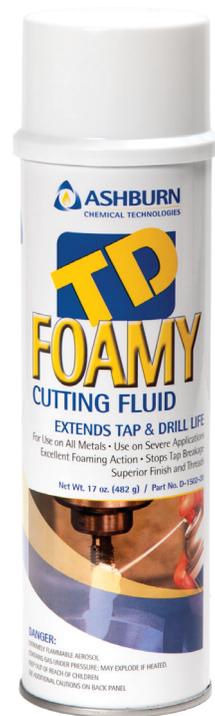

TAPPING & DRILLING FLUID

PRODUCT DESCRIPTION

TD FOAMY is an aerosol heavy duty drilling and tapping fluid that foams on contact with the cutting tool. It does not contain chlorinated solvents.

TD FOAMY is ideal for use on a mill or lathe. Ideal for tapping and drilling stainless steel, carbon steel, inconel, monel, hastalloy, titanium, aluminum and other alloys and exotics.

FEATURES & BENEFITS

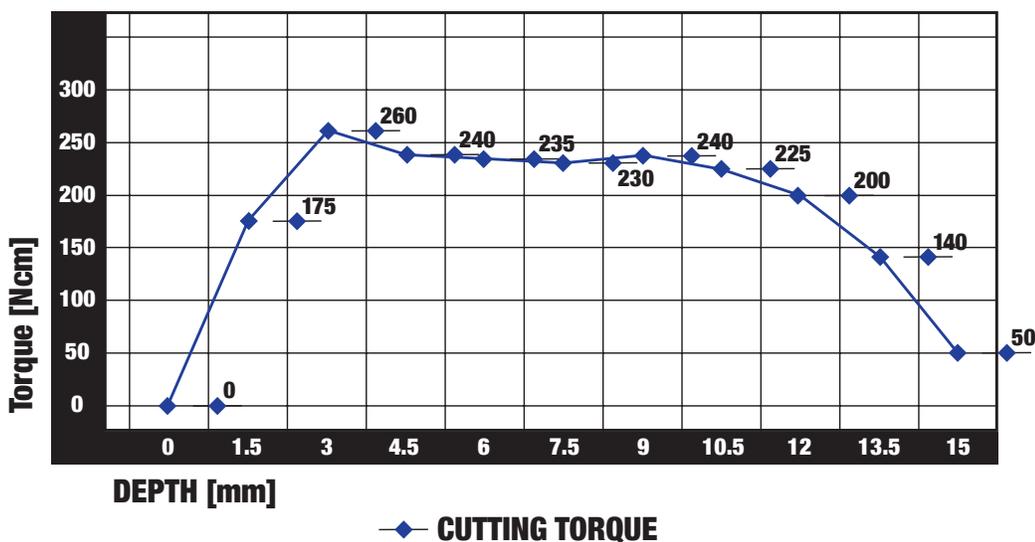

- Easy to Apply
- Amazing Foaming Action Coats Tooling
- Increases Productivity
- Greatly Extends Tap and Drill Life
- Improves Finish and Size
- Will Not Contaminate Coolant
- Does Not Contain 1,1,1 Trichloroethane

TYPICAL ANALYSIS

APPEARANCE:..... Amber Transparent Oil
 FLASH POINT:.....>300°F After evaporation of propellant
 VISCOSITY: 800 SUS @ 100°F
 CHLORINATED SOLVENTS:..... NONE

TEST RESULTS

TAP TORQUE DATA

TAPPING TORQUE TEST: Measures the metal removal efficiency of metalworking fluids

PACKAGING

D-1502-20 20 oz AEROSOL
 (Net Wt. 17oz)
 (12/Case)

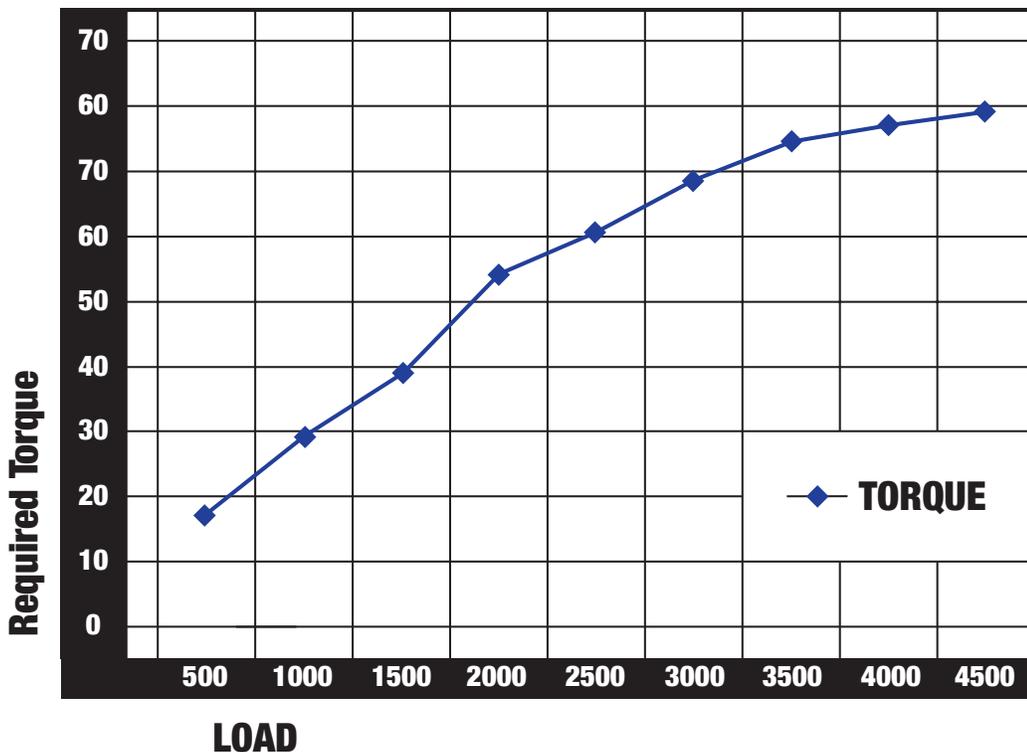

TD FOAMY

TAPPING & DRILLING FLUID

TEST RESULTS

FALEX DATA

FALEX EP/WEAR TEST: Measures the load carrying capacity of metalworking fluids. The less torque required demonstrates greater load carrying capacity of a metalworking fluid. This means better blade and tool life.
