

EnviroGreen

EcoKlean MK

Features & Benefits

- Concentrated
- Multi-Purpose Cleaner
- Biodegradable
- No VOC
- Removes Grease, oils and waxes

For:

- Metallic Surfaces
- Machinery
- Equipment
- Floors
- Walls
- Vinyl & Plastic

PRODUCT DESCRIPTION

EnviroGreen EcoKlean MK is a powerful, water-based cleaner degreaser that effectively breaks down grease, oils, waxes, corrosion, and soil and lifts it from the surface. It can be used in soak tanks, with sprayers, pressure washers or can be applied with brush or mop. Surfaces will rinse free, leaving no film or residue.

The EnviroGreen EcoKlean MK formula was developed and tested primarily for use in cosmetics manufacturing facilities. It works exceptionally well at removing cosmetic residue including mascara and lipstick. It reduces or eliminates the need to use a mineral oil rinse to soften mascara or lipstick from blending tanks.

DIRECTIONS

The usage and concentration can vary depending on the job. Generally used at a 20% dilution with water.

TYPICAL ANALYSIS

BOILING RANGE:	210+
COLOR:	Light Yellow
DETERGENCY:	Excellent
EVAPORATION RATE (Butyl acetate =1):	<1
FLASH POINT:	N/A
FOAM STABILITY:	Excellent
FRAGRANCE:	Mild
FREEZE/THAW:	3 Cycles
HARD WATER TOLERANCE:	Excellent
pH (@ 5% dilution):	10.5 – 11.0
RINSEABILITY:	Excellent
SHELF LIFE:	One Year +
SOAP CONTENT:	None
SOLUBILITY:	100%
SPECIFIC GRAVITY:	1.08
VAPOR DENSITY:	>1
% VOLATILE:	>85
