

APW-40 AUTO PARTS WASHER

FEATURES & BENEFITS

- Superior cleaning
- Leaves no residue
- Easily removes grease and oil
- Breaks down sludge
- Excellent rust protection
- Will not harm paint at proper dilutions

PRODUCT DESCRIPTION

APW-40 AUTO PARTS WASHER is a specially formulated water-soluble cleaner specifically designed for part washers and can be used at ambient temperatures up to 160°F. This product will cut oil and sludge from machined parts and provide in process rust protection. This will prevent the parts from flash rusting.

A safe alternative to the ever growing problem of toxic chemical use. Will not harm any surface not harmed by water. May be diluted up to one ounce per gallon. Formulated to a balanced blend of detergents, chelating agents, and builders to cut through any grease, dirt, soil, grime and then suspend the soil.

DIRECTIONS

AUTO PARTS WASHERS: Dilute product from 1:5 up to 1:30 depending on the severity of the application.

GENERAL CLEANING: Dilute product 1:50 with water. Spray, brush, or wipe solution onto surface to be cleaned. Wipe up solution with clean cloth or towel.

HEAVY DUTY CLEANING: Dilute product 1:5 up to 1:10 with water depending upon the soil conditions. For heavy soil, apply solution to the surface and allow to stand for five minutes to loosen soil. Rinse with water.

TYPICAL ANALYSIS

APPEARANCE: Clear Liquid
 WEIGHT: 8.8 LB/GL
 SPECIFIC GRAVITY: 1.06
 FLASH POINT: None
 WATER SOLUBILITY: Complete
 pH Concentrate: 10.0

PACKAGING

H-7320-14	1 Gal (4/Case)
H-7320-05	5 Gal Pail
H-7320-55	55 Gal Drum
H-7320-275	275 Gal Tote
