

# PARTS WASHER AND DEGREASER

## FEATURES & BENEFITS

- Superior cleaning
- Evaporates quickly
- Easily removes grease and oil
- High flash point > 140° F
- Will not harm paint

## PRODUCT DESCRIPTION

**PARTS WASHER & DEGREASER** is a solvent based parts cleaner. It is designed to remove greases and oils from metal parts and surfaces. Its high flash point makes it safe for industrial purposes.

## APPLICATIONS

This product is used straight and can be applied by dipping, brushing or spraying.
