

RPL #2

FEATURES & BENEFITS

- Superior rust prevention
- Excellent salt spray protection
- Water displacing
- Non-greasy film residue
- Moderate outdoor protection

RUST PREVENTATIVE

PRODUCT DESCRIPTION

RPL #2 RUST PREVENTATIVE is an evaporative, water displacing, and non-staining rust preventative and lubricant that leaves behind a relatively dry film. This product will provide intermediate-term salt spray rust protection and provides short-term outdoor rust protection. The RPL# 2 can be applied by spraying, brushing or submersion. Individual tests should be run to check compatibility of rust preventative to paint or other type of coating. Remove by wiping with a light petroleum distillate (i.e. Mineral Spirits) or other commercial degreaser.

PROTECTION

Indoors up to 18 months

Outdoors up to 6 months
