## PROTECT YOUR ENVIRONMENT.

EPA registered **PERDROX™** eliminates bacteria and viruses in food preparation. This ready-to-use peracetic acid can be used to directly sanitize raw fruits and vegetables, herbs and spices and is excellent for use in organic production.

**PERDROX™** is a broad-spectrum hard-surface sanitizer and disinfectant that kills 99.999% of bacteria in less than 60 seconds and 99.9% of viruses in 10 minutes when used as directed.

**PERDROX™** is listed on the EPA's List N as a disinfectant for use against SARS-CoV-2, the virus that causes COVID-19.

## KILLS 99.9% OF BACTERIA & VIRUSES

- SARS-CoV-2
- S. aureus
- P. aeruginosa
- Salmonella enterica
- E. coli
- K. pneumoniae
- L. monocytogenes
- Human Rhinovirus 42 (common cold)
- H1N1 flu virus (swine flu)

**Perdrox™ cleans, sanitizes, disinfects and deodorizes hard non-porous surfaces and high-touch areas including:**
