

WAX STICK

FEATURES & BENEFITS

- Safe for the environment
- Greatly extends tap and drill life
- Unaffected by heat from friction
- Improves finish and size
- Replaces petroleum cutting fluids

PRODUCT DESCRIPTION

ASHBURN WAX STICK is an innovative, multi-purpose lubricant which effectively removes heat and lubricates while withstanding tremendous pressures. It is often used as a replacement for tapping fluids and cutting oils. It is environmentally safe and is ideal for metal sawing, drilling, tapping, pipe threading and as a cement form releasing agent.

NOTES

- Use Ashburn Machine Cleaner for quick and thorough pre-cleaning of machine tools and coolant systems.
- Consult Ashburn prior to use on metals or applications not recommended.
- Unless recommended by Ashburn, this product should not be mixed with metalworking fluid additives.
