

# Speed Clean

## Features & Benefits

- Non-Flammable & Non-Conductive
- Dielectric Strength to 30,000 Volts
- Fast Drying & Residue Free
- Non-Corrosive

## PRODUCT DESCRIPTION

Speed Clean is a high powered, non-flammable, non-conductive solvent that dissolves grease and rinses away dirt and grime from hard surfaces without injury to working parts.

Featuring a 30,000 volt dielectric strength combined with non-flammability makes this an exceptional degreaser safe for use on electric motors, generators, relays and control panels while equipment is in operation. Dries fast and residue free. No flash point. Cleaning is quick and simple with the powerful flushing action of the solvent.

### WHERE:

industrial plants • machine shops • maintenance facilities

### FOR:

electric motors • bearings • gears • pipe threads  
brake parts • gas, water and electric meters  
machined parts

## INSTRUCTIONS

Spray liberally over grease and grime until completely saturated. Allow the solvent to dry. For extreme cleaning, brush encrusted part and rinse again with solvent spray. Parts should dry rapidly with a residue free surface.
