

# One Shot Penetrating Oil

## Features & Benefits

- Penetrates
- Lubricates
- Prevents Rust
- Cleans
- Displaces Water

## PRODUCT DESCRIPTION

ONE SHOT is a lubricating product formulated to quickly penetrate rust, corrosion and moisture. Four-way action penetrates, lubricates, displaces moisture and prevents rust.

Prevents corrosion and provides lubrication on nuts, bolts, corroded parts, door hinges, locks, machine parts, gears, slides, wire cable, and other turning and sliding parts. For use around garages, oil rigs, machine shops, assembly plants, electronics repair shops, service stations, locksmiths, industrial shops, factories, and air conditioner repair shops.

## TYPICAL ANALYSIS

FORM:	Solvent Based Aerosol
COLOR:	Amber
DETERGENCY:	None
EVAPORATION RATE:	Slow
FLASH POINT:	110° F (TCC)
FLAME EXTENSION:	18"
COLD STABILITY:	0° F
ODOR:	Sweet
WETTING ABILITY:	Saturates
pH:	N/A
SHELF LIFE:	One Year +
SOLUBILITY IN WATER:	0%
SPECIFIC GRAVITY:	0.83
% VOLATILE BY VOLUME:	87%
PHOSPHATES:	None
BIODEGRADABILITY:	No

## DIRECTIONS
